DISPENSARY SELECTION INFORMATION

IMPORTANT INFORMATION CONTAINED BELOW WHEN COMPLETING THE FORMS TO REGISTER AS A PATIENT WITH THE VERMONT MARIJUANA REGISTRY (VMR).

Materials provided by each dispensary are attached to assist patient applicants designating a dispensary.

- Registered patients may purchase marijuana, marijuana infused products, seeds, and clones from a registered dispensary.

- Registered patients who designate a dispensary may purchase marijuana products and cultivate marijuana in a single secure indoor facility.

- Registered patients who elect to cultivate marijuana in a single secure indoor facility must provide the address and location to the VMR on his or her application. Any updates to the address and/or location of the single secure indoor facility must be submitted in writing via email or mail to the contact information below.

- Registered patients may only purchase marijuana, marijuana infused products, seeds, and clones from one dispensary and must designate the dispensary of his or her choice on their application.

- Registered patients may only change dispensaries every 30 days. After 30 days, a registered patient may change his or her designated dispensary by submitting a completed Cardholder Information Notification form and a $25 processing fee. The VMR will issue the registered patient a new registry identification card with a new registry identification number.

- ALL registered patients and caregivers MUST schedule appointments prior to going to their designated dispensary to obtain marijuana, this includes seed and clones.

- ALL registered patients and caregivers MUST have a locking container/box when transporting marijuana from their designated dispensary.

There are currently four registered dispensaries operating in Vermont; Champlain Valley Dispensary in Burlington, Southern Vermont Wellness in Brattleboro, Grassroots Vermont in Brandon, and Vermont Patients Alliance in Montpelier.

Information related to each registered dispensary, including contact information, is contained in the materials accompanying this letter.

Contact the dispensary if you have questions related to products, pricing, and appointments.

Contact the VMR with questions related to the information contained above.

[Email] DPS.MJRegistry@vermont.gov
Welcome to Champlain Valley Dispensary & Southern Vermont Wellness

We’re dedicated to providing high quality, laboratory-tested medical cannabis to our patients. Our knowledgeable staff provide a safe, non-judgmental environment for patients to learn about symptom relief and pain management through cannabis treatments and alternative health practices.

Individual responses to cannabis strains and methods of consumption vary. Currently, no scientific consensus exists that indicates any one cannabis strain is more effective than another for relieving specific symptoms or conditions. Each consumer must determine, through their own use of cannabis, which strains and products are most effective for their needs. Ask about our Patient Profile Project to learn more. CVD/SWV has four dispensaries open in addition to offering home delivery – providing the best accessibility in the state. Our current inventory, complete with photos and ingredients, can be viewed on our website’s Products page at cvdvt.org and at svwvt.org.

Member Benefits:

- Rotating selection of clones
- Rotating selection of Sun Grown and indoor flower
- Access to financial aid assistance
- $50 in dispensary credit with annual renewal of VMR card

- Discounts at Ceres Natural Remedies
- Discounts for Veterans

Product Menu

Clones

State regulations limit clone purchases to 7 within a 30 day period. We offer Indica, Sativa and 1:1 strains, with selections varying throughout the year.

Clones are roughly 14 days old & rooted in sterile growing media. They are $25 each or 5 for $100. For one time only, purchase 7 clones in one appointment and receive a free potency test on the finished flower from your harvest. Sales are by appointment only.

Attention Homegrowers!

As of July 1, 2017 registered patients are able to cultivate and purchase up to 2oz. of product. In addition to the largest selection of products in the state, we also sell clones. Please reference our clone menu for sample strains.
Cured Flower
Cured flower is pre-packaged in 1g, 3.5g, 7g and 14g pouches and .5g pre-rolls. Strain availability varies based upon harvest schedule. Strains rotate on a seasonal basis, see below for examples of our genetics.

SATIVA DOMINANT
- Amherst Sour Diesel 16% THC  
- Green Mountain 16% THC  
- Jack Herer 20% THC  
- Kali Mist 12-16% THC  
- NYC Diesel 16% THC  
- Tangilope 16-20% THC

INDICA DOMINANT
- Cherry Pie 16% THC  
- Dancehall 16% THC  
- Exodus Cheese 16% THC  
- Pineapple Chunk 16-20% THC  
- Snow Drop 16-20% THC  
- Sour Kush 16% THC

CBD DOMINANT
- Blue Dream 7-8.5% CBD, 6.6-7% THC  
- Sweet + Sour Widow 5% CBD, 4.5-5% THC  
- Critical Mass 8.5% CBD, 5% THC

O.penVAPE
Our licensing agreement with O.penVAPE allows us to produce their full line of products. O.penVAPE has become the largest brand in the industry by providing a superior vaporizing pen with a lifetime warranty and by partnering with Organa Labs to offer medical patients healthier alternatives to smoking. Each product is formulated with QC3 concentrates enhanced with O.penVAPE’s proven methods of extraction and refinement. It’s What’s Inside That Counts. For more information please visit: www.openvape.com.

Current offerings available in strain-specific Indica, Sativa, Hybrid and CBD varieties:

• **500mg and 1000mg Craft Reserve Cartridges:** Our most pure, potent and flavorful oil refined with short path distillation (distillate) and enriched with strain-specific terpenes. Glass cartridges outfitted with Ccell technology and stainless steel mouthpieces. 70-90% potency*

• **500mg ISH Cartridges:** Indica, Sativa or Hybrid flavored distillate plus terpenes*

* O.penVAPE batteries sold separately

Queen City Cannabis Concentrates (QC3)
Concentrates extracted using one of the following solvents/methods: CO2, ice water, dry ice or organic ethanol. All are available in strain-specific or blended products.

• **WPCO Cannabis Oil**
  Concentrated indica-sourced THC produced through ethanol extraction, similar to RSO. Available in individual .5g syringes and discounted package prices for bulk orders.

• **Shatter**
  High-potency concentrate made from THCa crystals formed through Subcritical CO2 extraction.

• **Hash & Kief**
Queen City Cannabis Confections
This menu utilizes organic and often local sweeteners and is medicated with concentrates from our QC3 product line.

- Sea Salt Caramels
- Peppermint Patties
- Vermont Maple Lozenges
- All Natural Fruit Gummies
- Micro-Dose Mints

Baked Goods
Sweet and savory baked goods from the infusion kitchen. Gluten, dairy and sugar-free options available.

- Dark Chocolate Brownie
- Ginger Molasses Cookie
- Chocolate Chip Cookie
- Cheese Nibs

Mary’s Medicinals Transdermal Patches and Gel Pens
Our licensing Agreement with Mary’s Medicinals allows us to produce their full line of products. We currently offer 6 patch varieties (THC Indica & Sativa, CBD/THC 1:1, CBD, CBN and THCa) and 3 pen varieties (THC Indica & Sativa and CBN).

For more information please visit: marysmedicinals.com

Tinctures
All tinctures are made with organic ingredients and formulated with CO2 cannabis extracts for consistent, drop by drop, cannabinoid content. Terpenes are reintroduced to reinforce the intended effects.

Indica, Sativa and 1:1 formulas available.

Fat Infusions
We stock two different fat infusions on a regular basis: coconut oil and cannabutter. Ghee and olive oil are available for bulk purchases of six units or more. Please allow for a week lead time with bulk purchases. Our fats are formulated for consistent cannabinoid content using our Queen City Cannabis Concentrates. Each fat can be consumed on its own or used to create your own infused products, substituting it for all or a portion of the fat in a recipe.

Mad Hatter Coffee & Tea Company Artisanal Beverages
Our licensing agreement with Mad Hatter allows us to produce their full line of products: coffees, teas, chais, mochas, mushroom elixirs and mocktails. Each recipe has been formulated with our CO2 cannabis extracts.

For more information please visit: madhattercoffeeandtea.com
Ceres Natural Remedies
Our flagship store is located at 190 College Street in downtown Burlington. Ceres Brattleboro is located in the Vermont Building, downstairs from SVW-Brattleboro. Ceres Middlebury is located next to the SVW-Middlebury dispensary. Ceres Natural Remedies offers the largest selection of natural hemp-based CBD products in Vermont including Mary’s Nutritionals, O.penVAPE, Good Body Products, CW (Charlotte’s Web), Endoca, Sunsoil, CBD Medic, CBD for Life, HEMPVET, and many more brands. Our specialized knowledge and sole focus on natural healing remedies can help guide you to a product that will work best for you or your pets. Open to the general public! Must be 18+ or accompanied by a guardian to purchase.
www.ceresremedies.com

Pricing Programs
Sliding Scale
We provide a sliding scale pricing system based on enrollment in the State of Vermont’s 3SquaresVT program. You must provide us with a copy of your 3SquaresVT qualification along with a completed application form for our Discount Program.

Veteran’s Discount
All veterans will receive a 15% discount on all medicated products. Qualification for this discount will be via proof of veteran status, if applicable, i.e. a copy of their DD 214, along with other state or federal issued photo identification.

Delivery
Delivery is available state-wide through our dispensaries. A minimum order of $100 is required, with delivery fees outlined below.

Patients with Sliding Scale pricing: $0.00
Delivery fee anywhere in the state: $5.00
Delivery fee waived if purchase is above: $250.00

Hours of Operation
We have up to 3 stations available at a time at each of our locations, and rooms for private consultations upon request. Appointments are required for all visits.

Vermont Patients Alliance

A safe and knowledgeable source for organic plant-based medicine.

MISSION
At Vermont Patients Alliance, our mission is simple – to provide a safe, comfortable, and legal environment for patients to access premium quality Cannabis and cannabis-infused products grown naturally. As our products are routinely lab-tested for quality, potency, and consistency, our patients will be confident they are getting the proper product for their symptom relief.

VPA opened Vermont’s first medical marijuana dispensary in the state’s capitol, Montpelier, in June of 2013. We are an organization established by Vermont physicians, nurses, scientists, and local business leaders for charitable, scientific, and educational activities in support of patients suffering from debilitating medical conditions.

We encourage patients to ask a lot of questions and interact with our staff who are trained to guide patients in choosing products that best suit the individual for aiding in symptom relief and pain management. It is important to understand that different people have different experiences using Cannabis. To accommodate our patients’ needs and preferences we produce a wide variety of Cannabis products.

Our menu of available products can be viewed through our website on our Online Dispensary page at: vtpai.org. Registered patients can create an account to place orders online that will be available for pick-up or delivery at their next scheduled appointment. Please see the list below for a sample of our offerings.

FLOWER
We are proud to be using 100% organic methods in every aspect of cultivation, utilizing the finest local resources and sustainable practices in our production. Strain availability is based upon a constant harvest cycle, we grow over 30 strains and usually have at least 12 rotating strains available on a weekly basis. Flower is prepackaged in quantities of 1.75g, 3.5g, and 7g and is also available in pre-rolled cones and shake blends of varying quantities. Some of the Cannabis strains we grow are:

*VPA Original strain
**NATURAL SUNLIGHT PRODUCTS**

VPA is the only dispensary in Vermont to utilize natural sunlight for cultivation. Our first greenhouse harvest in 2015 was a huge success, and we received nothing but positive feedback from our patients regarding the quality and effectiveness of the flower. Growing under natural light we have reduced our carbon footprint, and implemented various sustainable methods of cultivation, such as permaculture techniques of companion planting, intercropping, and planting ground covers. We are proud to announce that Summer 2017 is our third year that we are utilizing Vermont’s natural environment to provide sunlight-grown Cannabis products.

**APOTHECARY**

VPA is staffed with teams of knowledgeable, creative, and trained clinical and family herbalist’s, who have worked together to blend Cannabis into traditional and custom herbal formulas and recipes. Some of the herbal products we offer are:

<table>
<thead>
<tr>
<th><strong>ALCOHOL TINCTURES</strong></th>
<th><strong>GLYCERIN TINCTURES</strong></th>
<th><strong>TONICS</strong></th>
<th><strong>TOPICALS</strong></th>

**EDIBLES**

Many items are available in Sativa, Hybrid, Indica and High CBD varieties. Gluten, dairy and sugar free options are also available. We are constantly developing new products to meet our patient’s needs. Some of the products we produce are:

- Brownie Butter
- 2:1 CBD:THC Olive Oil
- Cannabucha
- Cheddar Bakes
- Chocolate Chip Cookies
- Herbal Bliss Balls
- Honey
- Orange CBD Lozenges
- Raspberry THC Lozenges

**OILS, CONCENTRATES & VAPE PENS**

All extractions are created in house, using one of the following methods: ice water, heat press, organic ethanol, or CO2 extraction. We offer both strain blends and strain-specific concentrates.

- Bubble Hash
- Rosin
- Full Extract Cannabis Oil
- Strain-specific Vape Pens & Cartridges
- CBD Capsules
- THC Capsules
- CBD Suppositories
- THC Suppositories

**CLONES, SEEDS AND CONSULTATIONS**

Clones and seeds are available for registered patients that have chosen us as their dispensary. Seeds will be offered seasonally, and clones monthly by signing-up. We provide a wide selection of cultivars, with an assortment of strains developed to target specific symptom relief. Our staff will be able to guide patients for the best selection, and offer cultivation consultations that align with our focus to provide clean, organic, plant based medicine using locally sourced materials.
FINANCIAL ASSISTANCE
Patients may be eligible for reduced pricing if they are enrolled in any of the following programs: Medicaid, Medicare, 3SquaresVT, SSI, Unemployment or Veteran Affairs/Benefits. Patients must provide documentation proving eligibility of the program they are enrolled in.

PATIENT SERVICES
At VPA, we are committed to serving our patients, in any language. Deaf/hard of hearing translation services are available, as well as accommodations for the blind/visually impaired. Please contact us for more information.

RESEARCH
Part of our mission at VPA is to expand the scientific knowledge about Cannabis, and other plant-based medicines. Our patients have the opportunity to participate in this research by utilizing our state-of-the-art App to provide valuable feedback on products and connect with other patients. All patients that utilize the App are eligible to be selected to receive product at no cost in exchange for a review of the product and it’s effect on their primary symptoms.

DELIVERY
Our home delivery program is offered state-wide to all registered patients. For detailed information visit our Delivery page on our website.

HOURS OF OPERATION
We have 2 dispensing rooms available at a time for private appointments. State law requires all patients to schedule an appointment. We usually have appointments available within 24-48 hours of a patient request.

Monday: Office Only
Tuesday – Friday: 9:00 – 3:30
Alternating Saturdays: 9:00 – 1:30
(1st and 3rd Saturday of Every Month)

For any additional information, questions or concerns please contact us.

Email: info@vtpai.org
Website: www.vtpai.org
Grassroots Vermont provides pure, effective, and affordable medical marijuana to patients across Vermont from our Rutland County dispensary. Founded and operated by a local Vermont family, Grassroots provides patients with a healthier approach to natural wellness. Grassroots cultivates its own indoor marijuana using health-conscious methods and offers a variety of world-class, natural products.

Our dispensary is located in Brandon, in the heart of Rutland County. Appointments are required to visit our dispensary. We welcome all registered Vermont patients to meet with our compassionate, knowledgeable marijuana consultants. During your one-on-one appointment, our staff will make recommendations based on your needs and preferences, ensuring that you leave with the best medicine for you.

Please note we do not accept debit or credit cards at this time.

HOME DELIVERY AVAILABLE STATEWIDE!

We are proud to be the first dispensary to offer home delivery to patients anywhere in Vermont. Deliveries can only be made to registered patients’ physical residential addresses.
Appointments
Grassroots Vermont is open to registered patients and their caregivers by appointment only.

Patients are invited to visit www.grassrootsvermont.com to contact us. Returning patients can make an appointment using our scheduling calendar. Our website also has helpful info about what to bring to your appointment and how to pay, and includes details about home delivery. An up-to-date dispensary menu makes it easy to know what strains and products are currently available.

---

Menu
At Grassroots Vermont, we put a premium on purity. We are proud to offer a wide variety of world-class, all natural products including a selection of premium flower, edibles, concentrates, joints, tinctures, and more. Our menu changes daily. To check out our current selection, visit www.grassrootsvermont.com.

Clones are coming soon! Keep an eye on our website and Facebook for updates.

Concentrates
We carry a variety of concentrates including CO2 oil, shatter, and kief. Check out menu online or call to find out what strains and products are currently available.

Edibles
Our edibles are made in-house using quality ingredients. Check out our menu online or give us a call for info on our current selection.

Pricing
We offer sliding scale pricing starting at $14.50/gram. Discounts are available for patients who need financial assistance, and we usually have a select number of strains on sale. Call or schedule an appointment to learn more about our pricing.

Grassroots Vermont
Brandon, VT 05733
contact@grassrootsvermont.com | www.grassrootsvermont.com
**First Frost**
80% Sativa | THC 31.79%
Bred in-house, this high-THC strain is cerebrally stimulating, but equally effective for body pain. The taste is sharp and fruity with a hint of pineapple. First Frost is a derivative of Trainwreck.

**Super Lemon Haze**
80% Sativa | THC 23.77%
Euphoric and energetic, Super Lemon Haze is an idyllic daytime strain that brings on an alert buzz. A Lemon Skunk and Super Silver Haze cross, the taste is very sweet and citrusy, with a distinct lemon flavor.

**Gorilla Glue**
70% Sativa | THC 16.82%
Super sticky, high-THC Gorilla Glue has a lingering crisp, pungent flavor. Intense, long-lasting effects creep up with feelings of euphoria, mood elevation, profound introspection and spontaneous laughter. From the Elev8 seed house, Gorilla Glue is a cross of Sour Dubb, Chem Sis, and Chocolate Diesel.

**Diamond Daze**
70% Sativa | THC 14.48%
Diamond Daze is a high-energy natural mood elevator with a pungent citrus flavor. With a focused, cerebral effect, it offers daytime relief without leaving patients feeling weighed down. This original strain comes from XO1 and First Frost.

**Jilly Bean**
70% Sativa | THC 17.40%
This Sativa-dominant strain inspires euphoria, energy and talkativeness. It has a sweet, creamy citrus flavor from its Orange Velvet and Space Queen ancestry.

**Sherbet Cookies**
60% Sativa | THC 18.16%
Sherbet Cookies is highly recommended for patients struggling with nausea. It is long lasting, with a complex earthy, woody, musk flavor. This potent strain from Elev8 seeds is a cross between Thin Mint Scout Cookies and Sunset Sherbet.

**Green Mt. Splendor**
50/50 Hybrid | CBD:THC 16:1
This incredibly high-CBD strain offers effective relief from intense pain and inflammation without the intense psychoactive effects of higher-THC strains. It has a sharp yet savory pine flavor and is derived from YMCA.

**Big Bud**
90% Indica | THC 25.53%
This Indica-dominant strain has a pungent citrus taste with a clean pine finish. Big Bud provides intense full body relief and is ideal for patients with severe pain, depression, and PTSD. The genetics of this anxiety relieving strain include Afghani, Skunk #1, and Northern Lights.

**Kush n’ Cheese**
80% Indica | THC 23.49%
The calming, sedative Indica-dominant strain comes with a highly euphoric effect. An ideal medicine for anxiety and insomnia, this Emerald OG x UK Cheese cross has a distinctively sharp smoked cheese flavor.

**Star Fighter**
60% Indica | THC-14.74%
This Indica-dominant strain is extremely potent, with a strong pepper and mint musk flavor. Its effects start with an instant, short-lived couch lock with a lingering feeling of deep calm. Star Fighter offers effective relief from intense pain, insomnia, and PTSD. From Elev8 seeds, Star Fighter is derived from Alien Tahoe OG and Lemon Alien Dawg.

**Blue Diesel**
60% Indica | THC-21.1%
This well-balanced Indica-dominant hybrid has instantaneous mood elevating effects that linger even through the deep relaxation that creeps in. Blue Diesel is great for daytime pain relief without the intensity of a cerebrally stimulating typical day-use strain. Blue Diesel is the offspring of NYC Diesel and Blueberry.

**Grassroots Vermont**
Brandon, VT 05733
contact@grassrootsvermont.com | www.grassrootsvermont.com
Welcome to PhytoCare Vermont.

We are a full service medical cannabis dispensary located in Bennington, VT.

We deliver high quality medical cannabis products that are consistent, reliable, and affordable. Our knowledgeable and friendly staff provide individualized care to every patient that walks through our doors.

Product quality is important to us. We are intimately familiar with each element that goes into the growth of our plants and the creation of our PhytoCare products. All of our medicinals are lab tested and produced with utmost care and attention to detail.

We collaborate with other Vermont dispensaries to collectively build upon their strong foundation, deliver high quality products and, together, build Vermont’s reputation as a world-class center of excellence in cannabis care, education, and research.

We offer a wide variety of products to Vermont medical patients.

FLOWER is the pride of our dispensary. All of the medical Cannabis that we offer is cultivated using sustainable growing practices. For example, ground covers are used to reduce the amount of fertilizers and water that our plants require. Compost is used to enrich our soils. Companion planting is used as a preventative measure for pests. We also utilize natural light which allows us to reduce the electricity requirements of our cultivation facility. The care and continual nurturing we give to our plants throughout their lifecycle is evident in our end product. Some of the Cannabis strains that we grow include:

- **HYBRID**
  - Dark Star x Sour Diesel
  - Henry’s OG Kush
  - Lemon Sour Diesel
  - Original Bubble Gum
  - Peach Haze
  - Stardawg

- **INDICA**
  - 9 Pound Hammer
  - Dark Star
  - Fruity Chronic Juice
  - Godbud
  - Shiva Skunk

- **SATIVA**
  - Acapulco Gold
  - AK-47
  - Jack Skellington
  - Sour Diesel

- **HIGH CBD**
  - 2.5:1 CBD:THC Mango
  - 2:1 CBD:THC Mubuco x TNT
  - 1:1 CBD:THC Jamaican Bomb
HERBAL BLENDS  We’ve teamed up with trained herbalists and clinicians to create proprietary herbal formulas and products that offer unique relief. Some of the herbal blend products that we offer are:

<table>
<thead>
<tr>
<th>ALCOHOL TINCTURES</th>
<th>GLYCERIN TINCTURES</th>
<th>TONICS</th>
<th>TOPICALS</th>
</tr>

EDIBLES  are a popular alternative to inhalation. Using our organically grown flower, we produce high quality edible products. Indica, Sativa, and Hybrid varieties are available. We are constantly developing new edible products to meet our patients needs. Some of our offerings include:

- Brownies
- 2:1 CBD:THC Olive Oil
- Herbal Bliss Balls
- Honey
- Cannabucha
- Cheddar Bakes
- Hot Cocoa
- Orange CBD Lozenges
- Chocolate Chip Cookies
- Raspberry THC Lozenges

OILS, CONCENTRATES, VAPE PENS, & PATCHES  are quickly gaining popularity. We use a variety of techniques to extract phytocannabinoids from Cannabis flower including ice water, heat press, organic ethanol, and supercritical CO₂. Both variety specific and blended options are available.

- Bubble Hash
- Rosin
- Whole Plant Cannabis Oil Extract
- Variety-specific Vape Cartridges
- Capsules
- Suppositories
- Shatter
- Mary’s Medicinals Transdermal Patches

We’re going back to the basics...excellence in patient care.

Appointments  As required by Vermont law, all patients are required to schedule an appointment to visit PhytoCare Vermont. We strive to schedule appointments within 48 hours of a patient’s request. During your arranged appointment our knowledgeable and passionate staff will guide you through selecting products that are best suited to your individual needs.

Financial Assistance  We recognize that medical Cannabis can be expensive. Financial assistance is available for eligible patients who are enrolled in Medicaid, Medicare, 3SquareVT, SSI, Unemployment or Veterans Affair/Benefits.

Language Services  We are committed to serving our patients in any language. Translation services are available. Accommodations for deaf/hard of hearing patients and for blind/visually impaired patients are also available. Please contact us for more information.
Research
PhytoCare is committed to supporting and contributing to the scientific study of Cannabis. From cultivation to delivery systems to product efficacy we approach our mission diligently and scientifically. We always welcome feedback on products and strains and, from time to time, our patients may have the opportunity to participate in formalized clinical research studies.
